SUMMARY OF HER STORY

Forced to marry at the age of 14 to an old man living in Bali Nyonga - village, had a child for him, discovering the age disparity at the age of 18, she left the marriage.

Force to a second marriage, still an old man. Second husband was confirmed barren. He needed a child from her so sent men to sleep with her so that she can bear children for him through them. Complaining to her then living parents, compelled the so called husband to beat and push her out of his house. They were living in the Limbe.

She falls into the hands of a lover boy. During labour, at Mile 1 hospital Limbe, the man disappeared leaving her at the mercy of God. Some Christians from a renowned church in the South West took care of her bills and paid for her transportation to Bali Nyong to bury her mother, as she said one day after delivery.

After everything failed her in Limbe, she returned to the village to reside with her then alive brothers. But the stay didn't last long as during a very scary confrontation between the para militia and the military caused the disappearance of her two brothers since 2020 till today. As a result of the shooting part of the family compound was destroyed.

She was forced to relocate to Bamenda, where she met another lover boy who later on still left her with the third child. She is now suffering in Bamenda.

NEEDS

She needs to learn a trade. Seam stitching is better

She needs a sustainable business. A small capital that she can help her sustain herself and daughter through buying and selling.
